My name is Morgan Taylor I am here because on January 3, 2023 a jury overwhelmingly found that the County of San Diego Office of the Public Defender unlawfully discriminated against, harassed, and retaliated against former deputy public defender Zachary Davina. The jury awarded 2.6 million dollars in damages. Former public defender Michelle Reynoso's trial is in February, has some identical claims, shares identical witnesses, and will likely have the same results.

Justice for Michelle Reynoso!

In a November 15, 2022 Board of Supervisor's meeting, deputy Gonzalez badge #0283 chose to use excessive

force on a citizen Audra Morgan after removing her from the chambers. Silence from the Board, the sheriff and all government agencies goes beyond bad optics. It goes beyond cover up. It is corruption. It is cruelty. And the non-response makes a mockery of all the supposed "good works" this board professes to be doing. Accountability is coming.

On January 3rd 2023 a jury overwhelmingly found San Diego's Office of the Public Defender unlawfully discriminated against, harassed, and retaliated against former deputy public defender Zachary. Former public defender Michelle Reynoso's trial is in February, has some identical claims, shares identical witnesses. Please settle the case with Michelle Reynoso. Avoid using taxpayers hard earned money to dispute your wrong doing to these public defenders and the diverse community that they represent.

I request the County of San Diego to consider settling the case with Michelle Reynoso instead of using tax payer dollars to push a trial. The jury already decided the Public Defender's office committed harassment, retaliation, and discrimination in an almost identical case. The jury found the witnesses involved (Mize, Bartosik, Stone, Ruiz, Braner, Britt and others) to have lied or lack any credibility- these are the same witnesses in the Reynoso case.

I support tiny home friendly policy to be implemented all over this state. California needs more affordable and sustainable housing options for its residents. Tiny homes can be a short or long term solution for many people. They are versatile and can be built much faster than the affordable housing government and big developers are trying to build. We can cut the red tape and streamline this to create more paths to home ownership and housing for all.

Force Randy Mize to step down for gross misconduct in knowingly signing a false official investigation, fire all Public Defender supervisors who lied in these cases, and conduct a nationwide search for a new head Public Defender. Conduct a nationwide search rather than promote Kate Braner, a person who was involved in the unlawful employment decisions in the Davina and Reynoso Cases.

Settle the pending case with Michelle Reynoso instead of using taxpayer dollars to continue.

Restore trust.

Zachary Davina suffered discrimination and harassment at the hands of someone that complained and subsequently investigated the incident. Please explain how this is fair! If the clients of public defenders are to believe that justice is blind, fair, and impartial, then that impartiality should begin within the office. Be the example for our justice system.

Open an independent investigation using an outside firm to find out how the Public Defender's office handled discrimination, harassment, and retaliation against Zachary Davina and Michelle Reynoso. Force Randy Mize to step down for gross misconduct in knowingly signing a false official investigation to cover up his office's discrimination, harassment, and retaliation. Conduct a nationwide search for a new head Public Defender and restore public trust in the Public Defender's office.

SD Board of Supervisors -

Please consider expanding the approval areas for movable Tiny Homes to be allowed in more areas of San Diego County. It seems to offer solutions to a multitude of issues in a more affordable way. Ironically, the City of San Diego has approved these ADUs (or so I have heard), but there are so many other areas that can accommodate these so much better. Granted, all code regulations will apply to property and to the homes themselves. The ADUs I've seen are really nice!

San Diego County Supervisors, please review these options of movable tiny homes as an alternative dwelling unit in the County of San Diego. They are more affordable and environmentally friendly. Our County has so much land to utilize which with help to keep our families together in these trying times and housing shortage. Thank you for your consideration.

Dear Board of Supervisors from San Diego County,

Please consider the different housing opportunities such as tiny houses on wheels. Tiny homes on wheels have the power to help solve the chronic housing crisis. Tiny homes are an affordable option for low-income residents, or anyone trying to find a more affordable housing while also helping reduce the destruction of land.

Dear San Diego County Supervisors, Please consider opening up the allowed use of "movable tiny homes" not only as a temporary health trailer, but as an optional ADU, and primary residence in our County. There is a dire need for affordable housing options in our county and tiny homes on wheels is a great, affordable and sustainable option. Thank you for your consideration.

We already witnessed and closed the case with a sum amount awarded to Zachary Davina for toxic, racist and homophobic environment created in the Public Defendants office and Randy Mize gross falsification of documents. Now Michelle Reynosos case is pending over our city and justice needs to be served with her as well. Don't use taxpayer dollars to push a trial, settle this pending case now with Michelle Reynoso. Clean House and restore public trust in the public defender's office.

Please consider much more flexibility in the County zoning rules to allow and encourage Tiny Homes, particularly on wheels, all over the County, We endlessly hear about the need for more housing, and this is one way to help. The modern Tiny Houses are often beautiful, they are well-built, and if a major concern is people living and not paying for public services, perhaps consider an annual fee for someone to live in them.

Dear San Diego County Supervisors, I motion 3rd to please consider opening up the allowed use of "movable tiny homes" not only as a temporary health trailer, but as an optional ADU in our County of San Diego. The City of San Diego is already approved. Our county can vastly benefit by receiving \$revenue from permitting fees for "MTH's". This will greatly help in expanding the housing efforts. Consider a small yearly fee similar to temp health trailers, to keep a \$residual revenue to the county TY

Dear Ms. Vargas and Board of Supervisors,  
I am a Bonita resident and would like to register our family's intense dissatisfaction with the cost of Republic Services' trash, recycling and garden waste services. Our current bill of \$335 for Jan-March puts the cost at over \$110 a month. So each weekly pickup costs us over \$25! I believe this is about triple what folks in the city pay. Can you work for us to reduce our prices?  
Thank you,  
David Larom

Randy Mize admitted under oath that he signed off on an official document to retaliate against Davina. Mize knew that document contained the false statements of five other supervisors. Will the Board continue to use taxpayer dollars to pay the salary of a senior public official who admitted to conduct that is unlawful? Mize should be forced to step down and reported to the State Bar for unethical behavior. Settle Reynoso's case and restore public trust in the Public Defender's Office.

Settle the case with Michelle Reynoso instead of continuing the harm and trauma caused to her and spending more tax payer dollars by going to trial. Hold those who participated in the coverup accountable and ensure Randy Mize steps down for gross misconduct in knowingly signing a false official investigation to cover up his

office's harassment, discrimination, and retaliation against Michelle and Zachary. Conduct an independent investigation and fire all of the supervisors who lied in this case.

I also would ask that San Diego County allows THOW just like they allow ADU's. Well built, certified tiny homes will be a huge asset to our beautiful community. Tiny home living encourages people to live within their means and treat our planet with more respect and attention. Tiny home communities can provide alternative housing options for so many.

I second asking San Diego County to allow/permit tiny homes on wheels, similar to how City of San Diego has allowed them as ADU's behind existing residences. We also need planned villages on larger residential properties. More people need housing, there's demand and little infrastructure required. Residents in the County have space and want to add tiny nice homes. If given guidelines, citizens can follow them and help develop the

county properly and safely. I can help run the program, reach out.
