Riza Bulante

Financial Policy & Planning Officer
County of San Diego – Office of Financial Planning

FISCAL IMPACT

The proposed increases to fees and deposits will be included in the Fiscal Year (FY) 2023-24 CAO Recommended Operational Plan in Planning & Development Services (PDS), Department of Public Works (DPW), and Department of Parks and Recreation (DPR).

If approved, the proposed fee and deposit adjustments will result in additional estimated costs and revenue of \$2,380,469 in PDS, \$1,113,411 in DPW, and \$400 in DPR, effective FY 2023-24, a total amount of \$3,494,280. The funding source is fees paid by privately initiated land development projects and building permit applicants.

A waiver of Board Policy B-29: *Fees, Grants, Revenue Contracts – Department Responsibility for Cost Recovery* (Board Policy B-29) is requested to continue previously directed fee waivers, including appeal fees, fees for rebuilding structures damaged or destroyed by natural disasters, plan review and permit fees for the Green Building Incentive Program, Homeowner and Business Owner Relief Act Permits, Accessory Dwelling Units, Political Campaign Signage, Graffiti Abatement, and Urban Agriculture Incentive Zone program. These items are proposed to be less than full cost recovery, and a waiver of Board Policy B-29 is requested since the proposed fees do not cover all operating costs. The total unrecovered cost of the items combined is approximately \$5,200,000 for Fiscal Year 2023-24 and is proposed to be funded by existing and one-time General Purpose Revenue. In the future fiscal years, the Departments will return to the Board to identify the unrecovered cost and funding source. There will be no additional staff years needed as a result of the waiver.

Hi Je'Rae,

I don't believe I've seen this BL yet or heard that it was coming. Do you know if someone else from counsel has reviewed it? I am reviewing now, but I need a little time.

Thanks,
Suedy
