## **BACKGROUND**

On May 4, 2021 (23), the Board directed the Chief Administrative Officer to establish an Office of Labor Standards and Enforcement within the Finance & General Government Group which will be responsible for providing a central location for questions and connection to resources for workers across San Diego County; engaging business and community partners in education and outreach on important issues related to workers; acting as the County expert on worker issues, including data collection and research initiatives, in order to better understand regional workplace issues including trends, gaps in services, and potential policies that would further goals of protecting and advancing fair and safe workplaces for all.

On May 18, 2021 (16) and May 19, 2021 (2), the Board also directed the Chief Administrative Officer to establish an Office of Evaluation, Performance, and Analytics and an Office of Environmental and Climate Justice. The Office of Evaluation, Performance, and Analytics will

provide leadership, coordination, and capacity-building to oversee the County's efforts around evidence-based policymaking, program evaluation, data sharing, collection, and metrics. The Office of Environmental and Climate Justice will be responsible for engaging environmental justice communities throughout the region and including them in setting priorities for County programs and services. This office will also collaborate with County departments, San Diego Air Pollution Control District, and multi-jurisdictional partners to report on the cumulative impacts to communities throughout the region, mutual activities to advance pollution exposure reductions and improved air quality, best practices, and identified barriers and gaps to ensure robust environmental and climate justice practices through the region.

On June 8, 2021 (10), the Board directed the Chief Administrative Officer to establish an Office of Immigrant and Refugee Affairs as an independent office within the Health & Human Services Agency. This office will be responsible for expanding and enhancing existing refugee programs throughout the County's communities and establishing a priority of devoting County resources to the immigrant population, regardless of immigration status. It will provide a central location for public questions and connections to County and community resources.

Today, the Department of Human Resources is returning to the Board to seek approval to amend the Administrative Code which will establish the Office of Evaluation, Performance, and Analytics and retitle the Office of Ethics and Compliance to Office of Ethics, Compliance and Labor Standards. These recommendations also include amendments to the Compensation Ordinance by establishing the Director, Office of Environmental and Climate Justice, Director, Office of Immigrant and Refugee Affairs, and Chief Evaluation Officer, and retitling the Director, Office of Ethics and Compliance to reflect these organizational changes.

Today's recommendations also include changes to the Compensation Ordinance that will establish the Housing Navigator classification. This new classification will be represented by SEIU and will support County initiatives and programs to address homelessness in San Diego County.

Finally, the Department of Human Resources seeks approval to amend the Compensation Ordinance to increase the salary grade of the Director, Fire Authority and retitle to Director, County Fire, change the bargaining unit designation for Chief Medical Officer from Unclassified Management to Executive Management, and retitle the Chief Operations Officer, Public Safety Group. These changes will better reflect the change in roles and responsibilities of these Unclassified job classes.
