The County Covid Watch stats just came out today. How come Native Hawaiian/Pacific Islander's, who have the highest (99%) vaccination rate, have the highest Covid case rates and hospitalization rates?

I oppose the fraud of taking monies from the fed when the county is not actually in a state of emergency. I oppose 'locking down' businesses. I oppose censorship. I may not agree with what you have to say but I will listen. I oppose vaccine mandates that enrich your retirement investments. I oppose mask mandates for children. I oppose using cases as a basis for declaring a 'pandemic' I oppose globalist agenda. Why not work on securing election integrity? You all wouldn't get re-elected.

No to all mandates. They have proven to do more harm than good. Start promoting actual health measures.

I do not agree with Nathan Fletcher's attempt at censorship as it goes directly against our first amendment rights as American citizens. Therefore, it is unconstitutional and, frankly, un-American.
