I can not tell you how disgusted WE THE PEOPLE are with the three of you who approved Agenda item #19.

And you Terra!!! You didn't even have the decency to be present for the vote.

To even pretend you represent your constituents is a joke!!! Shame on all 3 of you!!!

Normally if I had something to say or a question, I would contact Jim Desmond. But in this case, I want you all to know I am one of the people who supports your efforts to declare medical misinformation a crisis.

Please don't give up. The Board often seems the only voice of reason, but you have many followers who believe you have our best interests—including health—in mind.

I am wondering how it is legal for Terra to vote in via phone and not listen to any testimony? Sounded like they woke her up from sleeping? I totally understand and have the utmost support for working mothers and needing flexibility but I think San Diegans are in need of clarification on how this is logistically legal. Assemblywoman Buffy Wicks couldn't even vote via phone last year after having a new born baby just weeks prior to a vote on the state assembly floor last year.

To the Board members who voted in favor of declaring the free-flow of facts, data and Truth a "'health' crisis":

I was signed up to speak by phone and everything that followed was predictable, from the real misinformation Nathan Fletcher and his so-called medical minions presented to the people of San Diego County to all the real-life evidence given by dozens and dozens of speakers. Those graphs and pie charts were nauseating in their blatant lies; the reason we know they are lies is the numbers and claims keep changing--the Truth does not.

So, because I was unable to comment on the Board's latest gestapo move, I'm offering some facts to counter **your life-threatening misinformation**:

Israel has the highest percentage of 'vaxed' citizens and the hospitals are FULL...of 'vaxed' patients who are gravely ill. I know that those of you who desperately create distractions and ignore even the suppressed #s of vaccine adverse reactions and deaths **BLAME THE UN-'VAXED'**. I have friends who have family in Israel and they have reported that the minority who are non-'vaxed' have been separated from the majority of Israel's population ironically, in an apartheid system, so that BIG lie fails miserably.

BTW: I use 'vaxed' in single quotations because these Covid shots are not vaccines. They are **EXPERIMENTAL** mRNA gene 'therapy' injections and the Big Pharma companies who push them are protected from litigation, by 'law'. **You know all this**, but here's a woman who is qualified to lay it all out for you:

**Dr Christina Parks testimony for Michigan
HB4471 on 8 19 21**

Here's another REAL doctor who knows about real science: [Sen. Rand Paul Tells "Every Snot-Nosed 'Journalist' Who Accosted Me" Spouting "Fauci-isms" to "Read the Science!"](#)

Sen. Rand Paul Tells "Every Snot-Nosed 'Journalist' Who Accosted Me" Spo...

Sen. Rand Paul (R-Ky.) is inviting journalists who have attacked his stance on the value of natural immunity and...

Another inconvenient fact is that Japan has issued a **2nd emergency recall** of the Moderna 'vax' because magnetized metallic components are causing deaths, the ultimate adverse reaction...or should we think they are lying to us?

It's estimated that VAERS reports less than 10% of the Covid jabs' adverse reactions...

My nephew was healthy until he was mandated to receive 2 doses of the Covid jab. Some weeks later, he was rushed to the ER and diagnosed with blood clots in one of his kidneys and the lung above it...I doubt that he reported it to VAERS, but thousands of people have...that's why many of us INFORMED people are calling the Covid jab the CLOT SHOT.

It takes weeks or months for the clotting to appear because the SPIKE PROTEINS in these jabs first create microscopic clotting, (which can be detected by a D-Dimer test), in the capillaries, then they move through larger veins and arteries resulting in my nephew's condition or strokes/aneurysms, enlarged hearts in teens, extremely heavy menstrual periods and miscarriages...But, you consider all that misinformation. VAERS is helping your cause because now they're reporting deaths of the 'vaxed' as UN'VAXED', just like they were reporting ALL deaths as Covid for Federal \$\$\$. It's also telling that there were NO flu deaths last year, but, pointing these things out from the CDC's/VAERS' own data is misinformation, right?

In the past, there were safe and effective vaccines, but the manufacturers realized that they were not making much of a profit, so safety and efficacy were thrown out along with the Hippocratic oath.

NOW, we hear Fauci is moving the goal-posts once again...Two jabs is not enough; everybody must get jabbed every 8 months...So, one jab two jab, three jabs four, five jabs, six jabs, seven jabs more?

You are all manifesting ill-gotten gains for YOURSELVES and Big Pharma, vaccine investors like Fauci, Gates, and Schwabb; you are also manifesting the wet-dreams of the eugenicists, (the Chi-coms, Nazis, the Rockefellers, The Gates Foundation, etc), who have OPENLY outlined their plans for decades...OH, but to reveal their plans IN THEIR OWN WORDS in MISINFORMATION. Okay, we get it.

Breaking news: Michigan Announces Plan to Forcibly Take Children From Parents For Possible Contact With Covid Carriers...All these measures for a 'virus' that has a tiny mortality rate, especially for children. Is this what's in store for the parents and their children of San Diego County?...Will

Operation Shield be put into motion by Nathan Fletcher's latest edict? Will we be rounded up and put in detention camps for the INFORMED or will it be under the guise of Green zones? Asking important questions is useless, I know....I also know that if you escape man's law, including the international law set down by the 10 Nuremberg codes, you **will** answer to a higher power for your crimes against humanity.

As Clerk to the Board, could you inform me, as to when the next reapportionment maps for supervisorial districts will be redrawn? By whom? Where can I send comments prior to the maps being revised? As a coastal resident, I believe that Supervisor Desmond does not fairly represent the coastal residents of his district. Therefore, I would like to address the body that is charged with redrawing the Supervisorial Districts of San Diego County, with my own views. If you can point me in the right direction, for information on the next round of reapportionment, I would very much appreciate your assistance. Thank you. Gerald Lance Johannsen, 53486 Carlsbad Blvd, Carlsbad, CA 92008 760 448 5074.

Kudos to the Supervisors for their resolution regarding Covid Mis-information. It certainly is within the government's rights to ferret out what is false information and what is true information and to declare which is which.
