I strongly oppose the idea that San Diego be proclaimed a "reproductive freedom" city. This is egregious and hypocritical at best. SAN Deigan's do NOT support the right to murder babies.

I do not want san diego to be a safe haven for abortion. It will make human trafficking even worse! Please support pregnant women with safe houses, health and mental health services. Do not spend my tax dollars on expanding access to abortions.

Natural immunity is a scientific fact! There are already lawsuits being won against vaccine mandates that prove this fact legally! YOU are spreading misinformation when you insist the survivors of COVID-19 MUST be vaccinated to participate in life when in actuality it is the vaccinated who have yet to contract COVID-19 that have a higher likelihood to end up a burden to the hospitals! ISRAEL...stop ignoring the science! YOU are spreading misinformation!

Rental scooters are a problem at Waterfront Park festivals. Special events don't get to abridge the rights of people with disabilities to an obstacle free sidewalk based on ADA. A blind person couldn't tap through the mess without tripping. A wheelchair needed someone to move scooters.

Sidewalk parking is illegal downtown. The festivals are the cause of the problem. Please provide dedicated scooter parking. This is an on-going issue that the County needs to integrate into all event planning.

I demand that you bring up the adverse effects of the covid-19 vaccine. It's in the hundreds of thousands yet you guys refuse to look at it. Desmond said you all would possibly look into it, well I'm demanding it. You guys blindly push something without looking at the damage it's causing. It's been out for 9 months now and the fact that you guys are now "possibly going to be looking into it" is an absolute disgrace. Give the public transparency and full disclosure of all possible effects now.

CAST has had hundreds of non violent conversations with gang members and O.G.s in the last couple of months to prevent community gun violence and retaliation which has had a positive impact in City Council District 4 in which during our recent Season of Peace there were no gang homicides. We also prevented a couple of gang retaliations from happening in district 8 and 9.

Today I am officially inviting you all to participate with us as we move forward in the next months and years.

I find it reprehensible that the Board is voting to declare SD County a "Champion for Reproductive Freedom." Why would you want our beautiful county to be known for the slaughter of innocent children? Attaching a sanitary and virtuous title to abortion, such as "reproductive health," doesn't change the barbaric nature of killing a baby. Hundreds of women have been seriously injured in the violent act of abortion, and many more suffer regret and depression. Please reconsider glorifying murder.

Nathan Fletcher, Nora Vargas, Terra Lawson-Remer - exactly how and who will you deem to be "trusted messengers" of covid and vaccine truth? If we, as Constitutionally free people, choose not to agree with your hand picked ministers of "truth", will there be a force of federal and/or state "thought" police breaking down our doors, searching our "internet and social media channels" for alleged "misinformation, disinformation and falsehoods". If found, what then? Misinformation deprogramming camp?

Your so called misinformation measure is a BLATANT violation of the First Amendment. You know it. We know it. The County Counsel should go on record and stop this, Please provide the citation for the study that says cloth masks work. I will hold my breath (no pun intended) for a response. School districts are committing child abuse requiring children to wear worthless cloth masks. They better have a study in hand. I haven't seen one.
