EQUITY IMPACT STATEMENT

We recognize that the systemic impacts that inequitable policies may create for residents in San Diego County. The proposed allocation of funds is intended to improve the quality of life throughout the County by providing funds to nonprofits whose work addresses inequities by providing services to all throughout the county. Organizations are chosen for funding based on their location or the demographics they serve with a focus on underserved communities that

contain higher numbers of People of Color and LGBTQ+ people. Organizations chosen should work to promote a sense of belonging and utilize equity in their operations, outreach, and programs. Supporting documents were reviewed as well as impact reports and community testimony to verify the organization meets these goals.

SUSTAINABILITY IMPACT STATEMENT

Today's action to support these organizations supports the County of San Diego's Goals of sustainability by funding organizations that support sustainability and environmental justice.

FISCAL IMPACT

Funds for these grant allocation requests are included in the Fiscal Year 2022-2023 Operational Plan for the Community Enhancement ARPA Program (Org 12905), Community Enhancement Program (Org 12900) and the Neighborhood Reinvestment Program (Org 15665). 4. SUBJECT: ONLINE PUBLIC AUCTION TAX SALE OF TAX-DEFAULTED PROPERTY (DISTRICTS: ALL)

OVERVIEW

When a property owner fails to pay property taxes by the end of the fiscal year, the property becomes tax defaulted. If the property remains tax defaulted for five years, the property then becomes subject to the Treasurer-Tax Collector's Power to Sell. Statutory requirements are met pursuant to Revenue and Taxation Code § 3691, et seq. prior to the property being offered at sale. The purpose of offering tax-defaulted property at a tax sale is to collect the unpaid taxes (redemption) and to return the property to a revenue-generating status. This is a request to approve the proposed sale of 513 parcels of tax-defaulted real property at Online Public Auction Tax Sale No. 7086, beginning on March 10, 2023, with final groups closing on March 15, 2023.

RECOMMENDATION(S)

TREASURER-TAX COLLECTOR

1. Adopt the Resolution entitled:
A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN DIEGO APPROVING AN ONLINE PUBLIC AUCTION TAX SALE OF TAX-DEFAULTED PROPERTY (Attachment A, on file with the Clerk of the Board).

2. Should a parcel not sell at the initial minimum bid as defined in Revenue and Taxation Code § 3698.5, approve the Treasurer-Tax Collector's discretion under Revenue and Taxation Code § 3698.5 (c), to offer the same property at the same sale or next scheduled sale, at a minimum price that the Treasurer-Tax Collector deems appropriate in light of the most current assessed valuation of that property or property interests, or any unique circumstance with respect to that property or those interests. Any parcel remaining unsold may be re-offered within a 90-day period in accordance with Revenue and Taxation Code § 3692 (e) and any new parties of interest shall be notified in accordance with Revenue and Taxation Code § 3701.

EQUITY IMPACT STATEMENT

The Treasurer-Tax Collector recognizes the systemic impacts that inequitable policies may create for residents of the County of San Diego. Impacts have historically included outcomes related to racial justice and issues of belonging that are reflected in the programs, services and resources allocated to communities. The Treasurer-Tax Collector will conduct an online auction that is widely accessible to all bidders who follow the process to register and submit deposits required to participate in the auction. A bidder may only be banned from participating in the online auction if they have previously forfeited property by way of non-completion of the sale of property for which they have previously won the bid. It is anticipated that these actions will have a positive impact on all people to include Black, Indigenous, People of Color (BIPOC), women, people with disabilities, immigrants, youth, and the LGBTQ community.

SUSTAINABILITY IMPACT STATEMENT

The proposed actions to conduct an online public auction, collect unpaid property taxes and return the properties to a revenue generating status are appropriate as they support the County of San Diego's Strategic Initiative of Sustainability to align the County's available resources with services to maintain fiscal stability and ensure long-term solvency. The proposed actions to conduct an online auction that is widely accessible to all bidders who follow the process to register align with the County of San Diego's Sustainability Goal of providing just and equitable access.

FISCAL IMPACT

The selling price of each parcel will be used to redeem the defaulted and current year taxes. It will also reimburse the County for all Board approved cost recovery and statutory required fees and costs of sale imposed under San Diego County Administrative Code § 364.4, which became effective July 1, 2011.

If there are excess proceeds remaining after satisfaction of all redemption costs and fees, they will be retained in the defaulted tax sale trust fund for a period of one year following the date of the recordation of the tax deed to the purchaser of the property. During that period, the excess proceeds may be claimed by any party of interest having a recorded interest in the property at the time of the sale. If no valid claims are received, State law provides the excess proceeds are transferred to the General Fund.

ACTION:

ON MOTION of Supervisor Desmond, seconded by Supervisor Lawson-Remer, the Board of Supervisors took action as recommended, on Consent, adopting Resolution No. 23-001, entitled: A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN DIEGO APPROVING AN ONLINE PUBLIC AUCTION TAX SALE OF TAX-DEFAULTED PROPERTY.

5. **SUBJECT: ADMINISTRATIVE ITEM:**
SECOND CONSIDERATION AND ADOPTION OF ORDINANCE: AN ORDINANCE TO AMEND SECTIONS 86.1, 86.2, 86.3, 86.5, 86.6, 86.9, AND 86.11 OF THE SAN DIEGO COUNTY CODE OF ADMINISTRATIVE ORDINANCES RELATING TO FEES FOR SERVICES BY THE RECORDER AND COUNTY CLERK. (DISTRICTS: ALL)

OVERVIEW

On December 13, 2022 (35), the Board of Supervisors took action to further consider and adopt the Ordinance on January 10, 2023.

The Assessor/Recorder/County Clerk (ARCC) reviewed Recorder and County Clerk (Recorder/County Clerk) fees to determine whether the full cost of its services provided are recovered as required under Board of Supervisors Policy B-29 “Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery” (Board Policy B-29) and as authorized under various State statutes. Submitted for your Board’s consideration is the adoption of a proposed ordinance amending sections of the San Diego County Code of Administrative Ordinances (Administrative Code) for fees for services provided by the Recorder/County Clerk. The proposed ordinance adjusts certain existing fees and standard time and material labor rates based on the cost of providing these services; revises the time and material labor rates to remove employment classifications and add new classifications, and; makes other non-substantive changes to existing Administrative Code provisions regarding Recorder/County Clerk fees. The proposed action will result in an increase in the rates for 23 fees.

The Auditor and Controller has reviewed and approved the supporting documentation and methodology for fees adjusted in this proposal.

If approved, the proposed changes will take effect on March 1, 2023.

RECOMMENDATION(S)

ASSESSOR/RECORDER/COUNTY CLERK

Consider and adopt the following Ordinance (second reading), read title, and waive further reading of the Ordinance:

AN ORDINANCE TO AMEND SECTIONS 86.1, 86.2, 86.3, 86.5, 86.6, 86.9, AND 86.11 OF THE SAN DIEGO COUNTY CODE OF ADMINISTRATIVE ORDINANCES RELATING TO FEES FOR SERVICES BY THE RECORDER AND COUNTY CLERK.

EQUITY IMPACT STATEMENT

The Recorder/County Clerk has and continues to identify ways to reduce departmental costs to provide its services to the public. The Recorder/County Clerk improved its business processes by making applications for marriage licenses and fictitious business name statement filings available online, thereby reducing transaction times between customers and staff. The Recorder/County Clerk has also looked for ways to increase and expand the availability of its services to the public, such as extended business hours (including nights and weekends) to allow customers to buy vital record certificates, file fictitious business name statements, and get marriage services when they are unable to come to the office during normal business hours. Providing services equitably while reducing costs is a difficult balance as these new programs have driven a continued demand for services. However, the Recorder/County Clerk remains committed to ensuring all communities across the county have access to its services, including those that have been historically under-served.

The proposed actions would amend fees and charges for services that are provided to the public to cover the full cost of services and pass-through fees in alignment with current San Diego County Board of Supervisors' standards to reflect applicable laws and regulations. By recovering the full cost of services, the County ensures the services that benefit a single agency or individual do not reduce the available resources that could be available to the entire region for other services provided by County departments. To develop the cost recovery proposal, ARCC performed an analysis of Recorder/County Clerk services provided to the public to examine the tasks and functions performed, including the direct and indirect costs of performing those tasks in relation to the specific services. The calculations for the fee increases were reviewed so that the services are not cost prohibitive for customers.

SUSTAINABILITY IMPACT STATEMENT

The proposed amendment to the fees and charges for services that are provided to the public will cover the full cost of services for the Recorder/County Clerk's internal operations. The fee changes are a result of the cumulative increase of the cost drivers such as salaries and benefits, services and supplies, and associated indirect costs of the Recorder/County Clerk. The adjustments to the County Clerk fees are based on available expenditure and revenue data, live time studies, and service counts. The proposed actions are appropriate as they support the County of San Diego's Strategic Initiative of Sustainability to align the County's available resources with services to maintain fiscal stability and ensure long-term solvency. The proposed actions align with the County of San Diego Sustainability Goal of providing just and equitable access and the United Nations Sustainable Development Goals of decent work and economic growth.

FISCAL IMPACT

Funds for this request are not included in the Fiscal Year 2022-23 Operational Plan for the Assessor/Recorder/County Clerk. If approved, this request will result in additional estimated revenues of \$784,400. The funding source is fees paid by customers. There will be no change in net General Fund costs and no additional staff years.

BUSINESS IMPACT STATEMENT

In terms of impact to the local economy, the fee increases will impact the local business community that specifically: request marriage services from the County Clerk; file fictitious business name statement filings with the County Clerk (business owners renew once every five years); file notary public oaths and bonds with the County Clerk (notary publics renew every four years), and; file professional registrations and bonds with the County Clerk (registrants renew every two years). The proposed fee changes are considered reasonable and of minimal impact on the local business community.

6. **SUBJECT: ADMINISTRATIVE ITEM:
SECOND CONSIDERATION AND ADOPTION OF ORDINANCE:
COUNTY COUNSEL AUTHORITY TO INITIATE RECEIVERSHIP
PROCESS (DISTRICTS: ALL)**

OVERVIEW

On December 13, 2022 (36), the Board of Supervisors took action to further consider and adopt the Ordinance on January 10, 2023.

On August 17, 2021, the Board of Supervisors directed County Counsel to return to the Board with an ordinance authorizing County Counsel to initiate County requested receivership actions where other enforcement efforts have been unsuccessful. Court-authorized receiverships provide a pathway for the County to resolve issues involving real property where the property owner's code violations and repeated failure to remediate those violations negatively impacts, among other things, the community's health, and safety. The California Health and Safety Code and other provisions in State law authorize receivership actions, however those actions are not listed in the County Counsel litigation authority set forth in section 142 of the County Code of Administrative Ordinances. As a result, each time a County department wishes to initiate a receivership action, County Counsel must request authorization from the Board of Supervisors to initiate and litigate the matter.

Today's action introduces an ordinance that will expedite the receivership process by authorizing County Counsel to initiate receivership actions upon request by the director of a County department. The ordinance was developed by County Counsel in consultation and collaboration with Planning & Development Services.

RECOMMENDATION(S)

COUNTY COUNSEL

Submit the ordinance (Attachment A, on file with the Clerk of the Board) for further Board consideration and adoption (second reading):

AN ORDINANCE ADDING A NEW SUBSECTION TO SECTION 142 OF ARTICLE IX OF THE SAN DIEGO COUNTY CODE OF ADMINISTRATIVE ORDINANCES AND NEW SECTION 18.310 TO THE SAN DIEGO COUNTY CODE OF REGULATORY ORDINANCES RELATING TO RECEIVERSHIP PROCEEDINGS.

EQUITY IMPACT STATEMENT

Substandard properties in the unincorporated area have threatened the health and safety of many economically disadvantaged communities. The recommended ordinance change will improve processes used by County Counsel and County departments, including Planning & Development Services, to utilize the tool of receivership to promptly address certain code violations through the receivership process.

SUSTAINABILITY IMPACT STATEMENT

The proposed action to approve the ordinance will result in sustainability enhancements in terms of health, well-being, and environment. Making the receivership process more efficient will enable the County to more effectively address code violations and rehabilitate dilapidated properties.

FISCAL IMPACT

There is no fiscal impact associated with these recommended actions. There will be no change in net General Fund costs and no additional staff years. Staff will return to the Board for approval and authorization of any future related actions with a financial impact.
